

Diaper Bank of the Ozarks

Board Opportunity

Diaper Bank of the Ozarks keeps babies healthy and happy by providing access to diapers, basic needs, and educational resources to families in need in our community during pregnancy and beyond while increasing diaper need awareness.

Nearly 1 in 3 families with young children struggle to afford diapers for their babies. In some cases, parents increase the time between diaper changes to stretch their limited resources. Diaper Bank of the Ozarks aims to provide diapers and educational resources to families in our community.

We run six programs: Greene County Disposable Diaper Distribution, Rural County Diaper Distribution, Diapers for Daycare, Cloth Diaper Loans, Baby Hub and Period Products.

Requirements: Diaper Bank of the Ozarks is seeking board members who are interested in and care about our mission and those we serve in the Ozarks. Members are expected to serve on a committee and attend functions as well as contribute at monthly board meetings. Members are also expected to contribute financially (or by bringing new donors).

Meeting times: Every third Tuesday at noon

How to Apply: Interested individuals should email Katy Spencer (kspencer001@drury.edu) for more information.

***Please [let us know](#) if you submit an application and/or get appointed to this board.*
